(application filed on or after May 29, 2000)

The patent term adjustment to date is 0 days. If the issue fee is paid on the date that is three months after the mailing date of this notice and the patent issues on the Tuesday before the date that is 28 weeks (six and a half months) after the mailing date of this notice, the term adjustment will be 0 days.

If a continued prosecution application (CPA) was filed in the above-identified application, the filing date that determines patent term adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) system. (<http://pair.uspto.gov>)

Any questions regarding the patent term extension or adjustment determination should be directed to the Office of Patent Legal Administration at (703)305-1383.

Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

Drawings

1. The corrected or substitute drawings were received on December 10, 2002. These drawings are acceptable.

Reasons for Allowance

2. An amendment was received from the applicant on December 10, 2002.
3. Claims 1-14 have been canceled.
4. Claim 15 is allowed.
5. The following is an examiner's statement of reasons for allowance. The bodyboard structure as claimed is not shown or suggested in the prior art because of the use of a bodyboard that is comprised of a base board formed from a foamed material that has an upper surface, a bottom surface and a plurality of outer edges, a base plate that is bonded to said bottom surface of said base board, said base plate having a stiffness that is greater than the stiffness of said base board, a first plastic film layer that directly and entirely encompasses the outer periphery of said base board and said base plate, and a second plastic film layer that overlays a lower surface of said base plate.
6. The prior art as disclosed by Glydon et al. (US 5,658,179) shows the use of a bodyboard structure that is comprised of a base board, a bottom plate that is mounted to a bottom surface of said base board, and a plastic film layer that encloses all outer surfaces of said base board. However, none of the prior art cited shows or suggests the use of a bodyboard that is comprised

of a base board formed from a foamed material that has an upper surface, a bottom surface and a plurality of outer edges, a base plate that is bonded to said bottom surface of said base board, said base plate having a stiffness that is greater than the stiffness of said base board, a first plastic film layer that directly and entirely encompasses the outer periphery of said base board and said base plate, and a second plastic film layer that overlays a lower surface of said base plate.

Conclusion

7. Any comments considered necessary by the applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

8. Any inquiry concerning this communication from the examiner should be directed to Exr. Lars Olson whose telephone number is (703) 308-9807.
